

Sustainably Leading the Market

Jagowra is a pioneering agri-business company dedicated to **transforming the global fresh and frozen market.**

We are fundamentally redefining its supply chain to elevate industry standards and establish new benchmarks for dependable supply.

Our unparalleled commitment to quality, transparency, and sustainability is embodied in our fully transparent, farm-to-fork cycle, which ensures complete product traceability and integrity.

Additionally, our sustainable practices, implemented in the farming, packaging, and delivery phases, are designed to protect natural resources and foster ethical operations throughout our entire value chain.

JAGOWRA'S MISSION

Our mission is to elevate and set new standards for the global fresh and frozen food supply chain, guided by our experts in farming, agriculture, and exporting for over 15 years.

We ensure the consistent and timely delivery of certified, premium produce that precisely meets client needs straight from our farms, utilising our fully traceable and transparent “farm-to-fork” cycle. This commitment to sustainability and innovation allows us to lead the market responsibly, aligning with our slogan “sustainably leading the market.”

JAGOWRA'S VISION

To redefine the future of global fresh and frozen food, establishing unmatched benchmarks for trust, quality, and supply reliability.

We envision a market transformed by our pioneering, fully traceable farm-to-fork cycle, guaranteeing unparalleled product availability and timely delivery, all driven by our unwavering commitment to sustainability and continuous improvement that raises the industry bar.

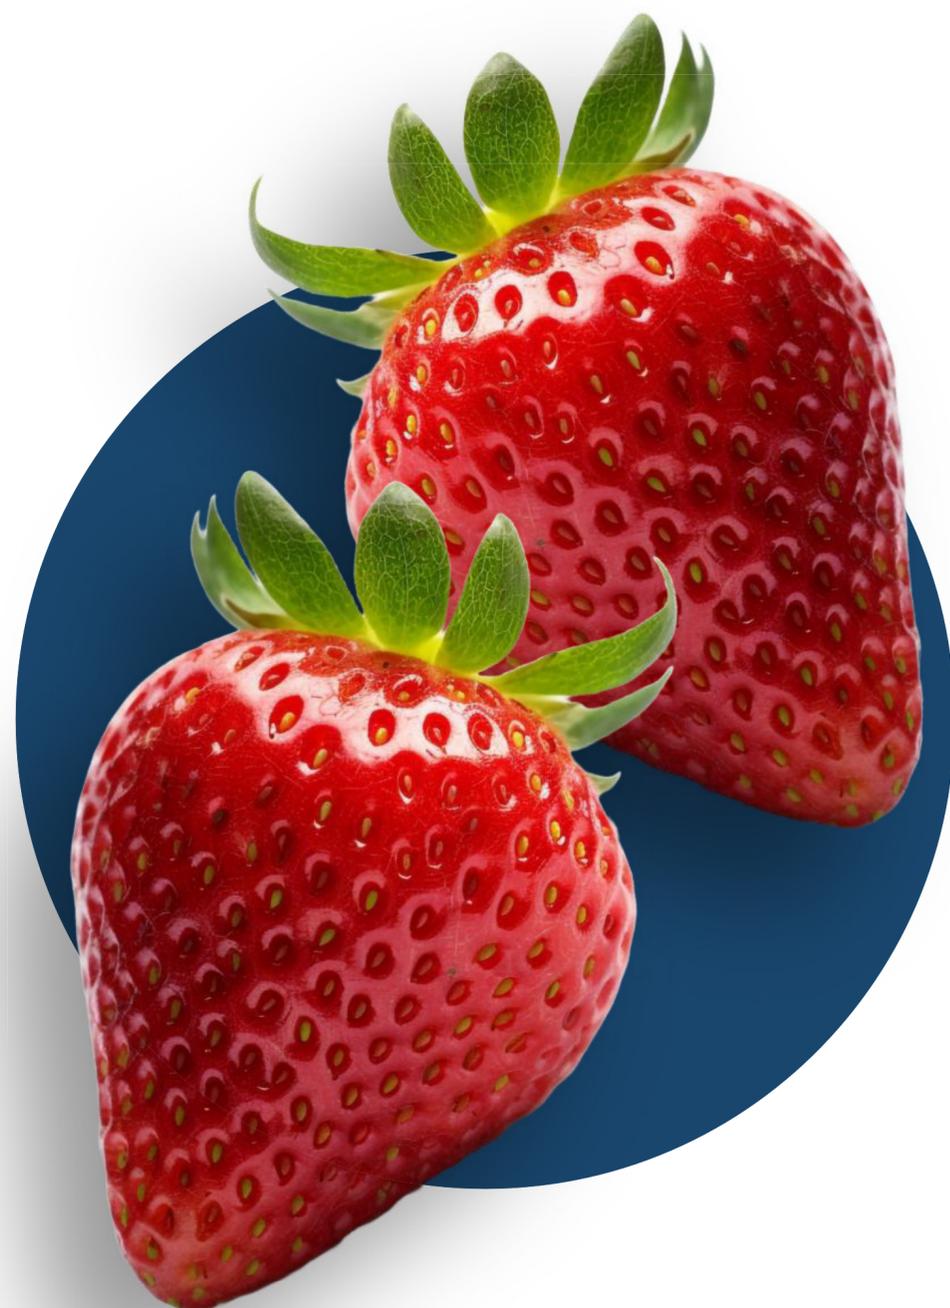

Jagowra is an innovative player in the international frozen food market with **Strong Focus on Europe & UK Markets.**

Backed by over **20 years of experience** from our founders, we specialize in producing, manufacturing, and exporting high quality frozen products to clients around the globe.

A close-up, top-down view of a large quantity of frozen strawberries. The strawberries are cut into halves and are densely packed together. They have a vibrant red color with some white and yellowish centers visible. The background is a solid, deep blue color. The text "Frozen Fruits" is centered in the middle of the image in a white, bold, sans-serif font.

The background image shows a factory setting where several workers are wearing green long-sleeved shirts and blue aprons. They are positioned around a conveyor belt that is covered with a large quantity of small, dark, round objects, possibly frozen berries or small vegetables. The workers appear to be sorting or inspecting these items. The lighting is somewhat dim, highlighting the workers and the texture of the objects on the belt.

Our team has 20 years of experience in the frozen industry and fully aware of international quality standards

We control all the phases from receiving, washing, sorting and cooling up to blanching, freezing, and packaging of the frozen products.

Our Success story in the frozen industry extends

From
**Producing &
Manufacturing**

To
**Exporting to our A++
Customers in Europe**

Core Values

Integrity and Traceable Transparency

We are committed to a fully transparent and traceable closed cycle, ensuring that every step from farm to fork is meticulously recorded and verifiable.

This approach sets a new standard for transparency, supported by our adherence to international benchmarks such as Global G.A.P. certification, which rigorously verifies our responsible agricultural practices and product safety standards, surpassing current industry expectations.

Reliability & Commitment

In an unpredictable supply landscape, Jagowra delivers reliable, on-time supply through operational excellence, superior product quality, and exceptional customer care. Our commitment to sustainability is embedded in optimised, environmentally responsible logistics, including efficient Roll-on/Roll-off (RoRo) transportation that reduces carbon impact. With every shipment, Jagowra delivers trust, timeliness, and sustainable value.

Export-ready Certifications

Jagowra's globally recognised certifications reflect our commitment to quality, ethics, and sustainability. Bros Food Safety, Sedex, and Global G.A.P./GRASP/FSA certifications confirm our high standards in food safety, ethical practices, worker welfare, and environmental responsibility—reinforcing our reputation as a trusted agri-business partner.

Social & Environmental Responsibility

Our success is rooted in environmental stewardship and social responsibility. We embed sustainability across farming, packaging, and transportation, protect natural resources, uphold ethical practices, and support farmers through fair conditions and sustainable livelihoods. We are committed to reducing our **Carbon Footprint** through sustainable and responsible agricultural practices.
